

DATA THAT WORKS AS HARD AS YOU DO

Proactive, predictive tools that drive uptime and lower total cost of ownership.

INTERNATIONAL 360

Few trucks work harder than the International® MV™ Series. And now you can help make sure this overachiever keeps doing what it does best with OnCommand® Connection. New MV™ series models come with OCC standard with five years, including:

- Advanced Remote Diagnostics
- Over-the-air (OTA) programming
- Configurable mobile app
- International® 360 service communications

5
YEARS

WHEN COMBINED, THESE SOLUTIONS CAN HELP YOU SAVE UP TO \$5,000 OR MORE OVER FIVE YEARS.*

*Depending on annual miles driven and other operational conditions.

All makes. All models. All in one place.

VISIBLE – Our solutions sort through volumes of vehicle data to deliver only information that's critical for you to know.

EASY TO UNDERSTAND – We translate fault code data into simple terms with severity ratings and most likely needed parts and service.

ACTIONABLE – Parts inventory availability at nearby dealerships, all-makes service center mapping, online service request initiation, and more.

OnCommand[®] Connection

TECHNOLOGY BUILT TO BOOST YOUR UPTIME — AND BOTTOM LINE.

Advanced Remote Diagnostics

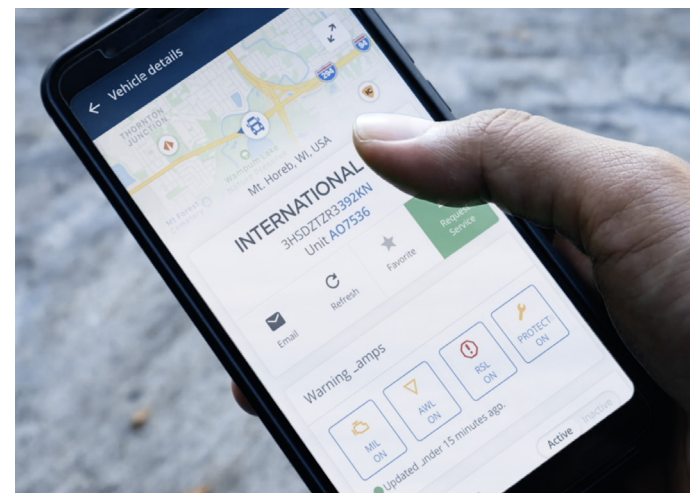

Monitor the health and status of your all-makes vehicles

Key Feature	Benefit
Fault alerts, severity ratings, most likely needed parts and service	Takes guesswork out of check engine lights so you know if it's a critical issue or if it can wait until the next scheduled service.
Comprehensive vehicle health reports, MPG, fault history, and more	Delivers both high-level overview as well as detailed vehicle health data, depending on your needs.
Interactive fault code action plans	Makes servicing vehicles faster and easier with detailed, step-by-step instructions on how to address vehicle faults.
GPS location and mapping	Tells you where vehicles are, where they have been, and how fast they've been driving. Shows nearby service stations, all-makes dealerships, tire centers, and more.
OTA programming	Allows for increased uptime by setting programmable parameters and updating software calibrations remotely without taking the vehicle out of service.

OnCommand[®] Connection Mobile App

The power of OCC at your fingertips

Key Feature	Benefit
Fault code descriptions and severity	Instantly know what a check engine light means without bringing it to a service center.
Configurable home screen	Customize your app so you can see the details that are important to you.
Vehicle health reports with critical health details including "send via email" button	Instantly share vehicle health data with your dealer, home office, or send a copy to yourself.
Initiate service button	Give your dealer advanced notice before you arrive.

International[®] 360 Service Communications

Provides a seamless communication channel with the International[®] Truck service network.

- Streamlines communication, accelerates the repair process, and drives greater uptime
- The only OEM service communication tool that supports all-makes vehicles without per-VIN surcharges
- Integrates telematics, dealer parts inventory, and other vital information into one easy-to-use tool
- Centralizes vehicle health data, service history, and more

INTERNATIONAL 360

Gateway Integrations One size DOES fit all

Subscribe to select fleet management and compliance providers through our factory-installed telematics device. Whether you have one truck or 100, you'll get the data you need to help you run your business more efficiently.

- One factory-installed, warranty-covered device
- One high-quality source of vehicle data
- NO prewiring costs
- NO extra hardware costs
- NO aftermarket installation costs
